

Cement Creek/Animas NPL input & strategy meeting

Sabrina Forrest to: Ostrander.David, Daniel Heffernan, BARBARA Nabors, Jennifer Lane, doug.jamison, craig.gander, daniel.scheppers, warren.smith, kelly.morgan, sarah.johnson, way steven

06/01/2011 02:58 PM

From: Sabrina Forrest/R8/USEPA/US

To: Ostrander.David@epa.gov, Daniel Heffernan <heffernan.daniel@epa.gov>, BARBARA Nabors <blnabors@cdphe.state.co.us>, Jennifer Lane/R8/USEPA/US@EPA, doug.jamison@state.co.us, craig.gander@state.co.us, daniel.scheppers@state.co.us, warren.smith@state.co.us, kelly.morgan@state.co.us, sarah.johnson@state.co.us, way steven <way.steven@EPA.GOV>

All, I would like for the EPA and State staff that are or have been involved in the Cement Creek/Animas water quality issues to meet - next week if possible. We are beginning to have more serious communication with the Animas River Stakeholders Group and the Silverton/San Juan community about water quality degradation due to the lack of water treatment at Gladstone since 2005. Could you please check your schedules and let me know if you are available June 8 or 9 to meet and discuss the Cement Creek/Animas site. Time and Location TBD.

Barbara and Kelly, Could you check with the CDPHE PA/SI/Superfund and Water Quality staff respectively and forward some times that work out for everyone. I also think it would be valuable to have WQCD division staff present to discuss the site, their history with past NPDES permit holders and get everyone's input on how to positively impact the water quality issues in Cement Creek and the Animas River.

Sincerely,

Sabrina Forrest
